THE STATE OF UTAH
STATE ROAD COMMISSION

EZRA C. KNOWLTON
CHIEF ENGINEER

SALT LAKE CITY

April 7, 1939.

Mr. T. H. Humphreys
State Engineer
Building.

Dear Mr. Humphreys:

A proposed agreement by and between the State Road Commission and a number of property owners, near Brigham City, is submitted for your information.

This agreement covers the return, to the lands effected, of the water developed by the grade crossing elimination excavation.

Will you kindly advise if this agreement, in your judgment, is satisfactory?

Very truly yours,

EZRA C. KNOWLTON, CHIEF ENGINEER.

BY

H. S. KERR, Senior Engineer.
